The 12/14 Webinar exclusively for Springbrook Enterprise and KVS/SoftRight Year End Wrap Up:

On Demand Webinar

Just click here

Please join us for a thorough review of our current Cirrus modules and a deep dive of what's coming. We'll be conducting actual demonstrations of our latest solutions.

Webinar available here

2022 Training now available

Springbrook Software is making interactive training available for our **Springbrook Enterprise** customers, both cloud and on-prem. Each session will provide a deep dive into our products, led by training specialists who will make sure that your agency personnel is fully versed in the complete utilization of our tools. Courses cover two-part days, with a follow up open forum Q & A session on the third day.
Sign up for classes now

Prepare for 2022 with Springbrook's Advanced Capital Budgeting

SNUG's 2022 User Conference is Now Open! **Click here** for all of the details.

SNUG Annual Conference Survey

We're interested in what topics you'd like to see covered at the April 2022 Springbrook National Users Group conference. Please respond to the following brief survey. **Access the survey here.**

Springbrook Express Cloud now features **embedded training** videos.

Watch for this icon for areas where you can learn more about the product. More being added soon!

Also, **coming in December for Express Cloud - Attachments**

! The initial release will support file attachments to Accounts Payable Vendors & Invoices, Utility Billing Customer Accounts, Payroll Employees, and their associated Notes. It will also feature a control panel where all attachments can be viewed and searched for. Watch for our announcement when the feature is released in the Express Community Group.
