

Cybersecurity: Need to know information for 2023 and new security enhancements from Springbrook

Cybersecurity remains the number one issue for local government agencies, with more complex ransomware attacks demanding increasingly higher levels of protection. What does your agency need to prepare for as we enter 2023? Join several Springbrook software security specialists who will discuss new advances in the Springbrook platform and review next year's cybersecurity landscape.

During this webinar we'll discuss:

- Overview of the threat landscape
- Update on cybersecurity grant
- New Springbrook Cirrus cybersecurity enhancements

Hardware Maintenance

Sunsetting

As part of our plan to
concentrate on our hosting
and cloud/web-based
environments. PUBLIQ's
hardware maintenance
program for physical items
will end on **December 31,
2022**.

Make sure your hardware
is taken care of by:

- Contacting the
product
manufacturer for
assistance with a
broken monitor,
cord, server, etc.
- Purchasing
warranties on
hardware when
possible.
- Contacting PUBLIQ
for spec
recommendations
when purchasing
new hardware.
