## Cybersecurity: 2023 Updates & New Springbrook Security Enhancements

According to CyberEdge, **68.2 percent of governments were compromised** by at least one successful attack in the past year. The motive for attacks has primarily become financial, with ransomware becoming particularly lucrative, but espionage and “hactivism” shouldn’t be ruled out either — especially around elections. Source: GovTech November, 2022. During this webinar we’ll discuss:

- Overview of the threat landscape

- Update on cybersecurity grant
- Exclusive interview with Deloitte on the new Deloitte/NASCIO cybersecurity survey
- New Springbrook Cirrus cybersecurity enhancements
