Springbrook

Powerful online permitting, plan review, and inspections platform to simplify processing with AI-powered reporting and assisted pan review.

Building Permits
Streamline applications, reviews, and approvals in one easy-to-manage system.

Planning and Zoning
Streamline planning workflows and coordinate zoning requests across departments.

Code Enforcement
Easily track violations, inspections, and resolutions with clear, documented workflows.

Redevelopment
Oversee projects from proposal to completion with clear visibility and documentation.

Meeting Agendas /Hearing Dockets
Simplify scheduling, notifications, and documentation for boards and commissions.

Parking Tickets
Simplify ticket entry, payment processing, and violation tracking in one place.

Licensing
Manage license applications, renewals, and approvals with easy online access.

Electronic Plan Review
Review and approve plans digitally with real-time collaboration and feedback.

Mobile Inspections
Empower field staff to capture notes, photos, and results directly from any device.

Business Tax Filings
Support accurate, streamlined submission and management of business tax data.

Fire Compliance and Reporting
Track inspections, citations, and reports to ensure consistent public safety compliance.

Citizen Portal
Provide residents and businesses with 24/7 access to applications, payments, and updates.

Join the 3,000 agencies that run on Springbrook solutions.
Enterprise-Class Solutions for Local Government.
